

# Finding Ratios

---

A) Find the ratio of part to part.

The ratio of  to  = \_\_\_\_\_

The ratio of  to  = \_\_\_\_\_

The ratio of  to  = \_\_\_\_\_

B) Find the ratio of part to whole.

The ratio of tables to furniture = \_\_\_\_\_

The ratio of spanners to tools = \_\_\_\_\_

The ratio of balls to sports equipment = \_\_\_\_\_

# Finding Ratios

Answer key

A) Find the ratio of part to part.

The ratio of  to  = 6:1

The ratio of  to  = 2:5

The ratio of  to  = 3:2

B) Find the ratio of part to whole.

The ratio of tables to furniture = 5:9

The ratio of spanners to tools = 4:7

The ratio of balls to sports equipment = 3:8
